

RICOH

RA ENVIRONMENTAL POLICY

Policy Statement:

As a global citizen, Ricoh group is obligation-conscious of environmental conservation. In addition, we strive to honor our environmental responsibilities and concentrate group-wide efforts in environmental conservation activities, implementation of which we believe to be as significant as our business operations.

Guideline:

In line with the Ricoh Group Environmental Principles, Ricoh Asia Pacific Pte Ltd (RA) is committed to minimize the environmental impact of all our operations, to comply with legal and other requirements applicable to environmental, and to strive towards continual improvement in environmental performance by setting measurable objectives and targets.

In all our business activities, we strive to ensure that any individual performing tasks for the organisation is aware of environmental impact in day-to-day operations.

Through appropriate education and training, thereby involving all Ricoh employees, the organization is competent in implementing continuous improvements to prevent pollution, and to use energy and natural resources more efficiently.

Working closely with customers and green partners, we strive to contribute to wider society, for whom we actively disclose information, participate, and assist in environmental conservation activities.
